

**Richardson Metals, Inc.**  
Precision Aluminum Extrusions

July 8, 2024

**DECLARATION: PFAS**

Per- and polyfluoroalkyl substances (PFAS), sometimes called "forever chemicals," is a group of thousands of substances widely used in many industries. Due to growing awareness of health and environmental concerns, PFAS are facing increasing scrutiny worldwide. In-force and proposed measures set restrictions or requirements on PFAS use in some jurisdictions, and due diligence may be necessary to meet legal obligations, ESG commitments, and/or business requirements.

To whom it may concern,

This letter is to certify that all parts manufactured by Richardson Metals Inc are compliant and contain no PFAS substances based on the information provided to Richardson Metals by our raw material suppliers and coating vendors.

Sincerely,

Randy Rieke  
General Manager
